The icons are very detailed and are made with a modern and smooth feeling. Properties of Cartoon Icons: High quality icons, at a high pixel rate (512x512), in PNG, ICO and ICNS format, that can be used for various applications or for your personal files. All the icons are well crafted with a cartoonist touch. With a very clean and modern look, the icons contain rounded corners, inner shadows and bright colors in order to give a very clean and modern feeling. The icon set is easy to modify. In the folder, you will find an ICO editor and an ICNS editor for further modifications. The size of the file is not as big as most of the icon sets. Nevertheless, it is very useful to have a very sharp and well-crafted icon set in handy size, small and light enough for easy use in your folders. Animation icons included: The animation icons are included in the pack to help you easily create animated folders and files. The icons contain animations in the following formats: Now Available! About The Author Gio Cane I'm a graphic designer and a webmaster based in Rome, Italy. I am always looking for new things to share with you, so you can be sure that you'll get a high quality icon set and other stuff. Enjoy your stay! Hi Gio, I'm sure it's no coincidence the timing for your letter and email, and I'm quite honored by your support for the Icon Finder. Thank you! I'm currently working on adding download links for the Icon Finder on the main site (hopefully by tomorrow). But in the meantime, I'll be adding a Windows and Mac download link for the preview images (if you wish to try them). With that said, I'd like to share my website with you. I am currently working on releasing an icon set in the next few weeks (if all goes well). That said, I will release some material on my site, then let you know. The site isn't hosted by me, or paywalled, so you

The icon set contains 8 well crafted icons, at a high pixel rate (512x512), in PNG, ICO and ICNS format, suitable for various applications or personalized folders. The icons are very detailed and are made with a modern and smooth feeling. The icons are available in the following: .png, .ico and .icns Icons. All the icons come in PNG and ICO format and are created at the very highest resolution. Their design is modern and very well polished. All the icons are white-on-black in color. All the icons are well crafted and at a high pixel rate (512x512) for an ultra sharp look. Note: The icon themes and icons are distributed as low-resolution (64x64) icon packs. They are intended for users who wish to create a customized icon set but for whatever reason prefer not to create the Icons. They will be enough for the majority of the users in most cases. Features - High Quality: The quality of the icons is very high and the icons are done at the highest resolution (512x512), to ensure the best possible result. - White-on-black: All the icons are white-on-black in color. They are very sharp and well polished. - Color: All the icons come in various colors. They can be re-colored to fit your personal taste. - Transparency: The icons are 100% transparent, just like an image on a website. This means that you can add a title, for example, and make it go through the icon easily. - Compatible: The icons are compatible with all the major operating systems (Win, Mac, Linux, iOS, Android...) Note: Depending on the size and format of your browser, you might see a small error in the icons while they are being downloaded, the icons might be shifted slightly, or the sizes might be different than the ones in the preview. This is normal and is simply the result of them being resized a bit, but is not harmful to use the icons. How to install: - Create a .ico file to your desktop (or any place you want to). - Open it with a picture editor (Gimp, Paint.NET, Photoshop etc). Resize it until you are satisfied. - Save it as a .png - Install the icon in the following folder: %windir%/System32/Wp5/manif
