Elden Ring Features Key:

Open the gates of Telos. Free the Praetor of Telos to drain Telos of power.
The Numina can only be released after that is complete.
The period between the release of Numina is called the Thirteen Days.
While in Telos, Elden Lords can interact with other Lords, including sharing
information on Guild Rankings and receiving invitations to events. After
the Thirteen Days, Lords can even invite other Lords to Telos.
After the Thirteen Days, Warlords can access the Telos Guild, and sign up
for the raids that the Guild regularly holds. When a warlord who has
recruited level 700 is captured, they will gain renown, receiving rewards
based on the fame score of the warlord.
During the Thirteen Days, Ranks of Elden can be obtained. These are used
to unlock new items, and only a few of them are accessible until the
Thirteen Days are finished.
At level 700, Ranks of Elden can be obtained. These are used to unlock
powerful items, pass guard experience, and advance in rank as Warlord,

King, and Kingpin.

Telos is a structured world with its own laws and systems, and the races that live there have their own traditions. Players living on Telos are given an Elden Passport, and its seals will be stamped with their unique race and grade.

What's new in Elden Ring:

THE NEW FANTASY ACTION RPG (Aug. 25, 2015) for PS Vita is due out this winter in Japan. First-print copies will include the game's DLCs "Tarnished Knight" and "Sage Lynx".

08 Jul 2015 14:01:06 +0000 Rift, PS4, PS Vita, Windows, Xbox One, X64Oculus Rift, PS4, PS Vita, Windows, Xbox One, X Introducing Special Xbox One Deals During the Upcoming Gamescom Event My name is Gregg "The Drama King" Berner. First and foremost, what is it that we all might be witnessing here? Yes, that is right! There I was in West Germany, peeking my head over towards the enormous tabletop on which the newest gaming classics are being displayed, or so it seemed - I'm only half-German and don't know the language that well at all. It was definitely there - that large cardboard rectangular thing that Germans like to roll around on. But as I looked upon it, it was....gone. Aww, man, it's kind of sad that it has that exact detail here, so I will just use the emoticon to illustrate my point. What just happened? This all happened in the span of just seconds. I was surrounded by the most

helpful people at a convention - oh, wait, no. It was definitely a convention. In the center of the room was my favorite part of the Xbox. Surely, this couldn't be possible!
