If you want to download just single song, you could use this code: import urllib.request as request from bs4 import BeautifulSoup import json with open('/media/drive/Music/Download/Devilution/Devilution - Joy Division (2001).mp3') as f: uri = f.read() link = " r =  
request.urlretrieve(link, '/media/drive/Music/Download/Devilution/Devilution - Joy Division (2001).mp3') soup = BeautifulSoup(r) with open('/media/drive/Music/Download/Devilution/Devilution - Joy Division (2001).mp3', 'wb') as f: f.write(soup.prettify().encode('utf-8')) f.close() In  
place of the last line, you could also do this: soup.prettify().encode('utf-8') then save it to the file using: with open('/media/drive/Music/Download/Devilution/Devilution - Joy Division (
